Her love for others was evident in the way she interacted with parents, staff and students. Holly knew most students and parents by name, which was just one of her many gifts. Holly was married to Kurt for 20 years and had two boys, Jake and Dan. Her time outside of school was spent cheering her boys on at their baseball and football games. Jake Vaughn was a student at Black Elk Elementary, Beadle Middle School, and Millard West High School where he was involved in sports such as baseball and wrestling. After graduating Millard West in 2022, he continued his education at the University of Nebraska-Lincoln. He was an active member of the Alpha Tau Omega Fraternity, which opened the door to many academic and career connections to help him excel throughout his career. Jake always knew what he was capable of achieving in his life, but never put his full effort in throughout his high school tenure, due to really not having a full purpose or idea of what he wanted. Once reaching college he found a goal in life, and that was to be someone that people looked up to as a hard-working and high-achieving person. Ever since he stepped foot onto a university campus he excelled, maintaining a 3.8 GPA and making it onto the dean's list each and every semester. He was voted onto the scholarship committee in his fraternity which is used to help members achieve and maintain high GPA to boost their chances towards prized internships and a steady career path. He is still striving in the financial and investment banking world in hopes that he will continue to achieve things that his high school self could have never imagined. She endured a mastectomy as well as months of chemotherapy and radiation treatment. She went through all of this while still teaching full time. While that year was a big struggle for Michelle, due to her amazing strength and determination, she was able to continue teaching with very minimal time away from the classroom. At the end of that year, she was declared to have no evidence of disease. Unfortunately, about two years later Michelle's disease returned. During the 2021-22 school year she endured many setbacks and had to be hospitalized several times due to her disease. In fall of 2022, after teaching for the first month of the school year, Michelle made the very tough decision to step away from teaching as a result of her disease. In October of 2022, after being on hospice for two months, Michelle passed. Michelle is survived by her son Aiden and her husband Brad.

For seven years Michelle fought her disease with amazing strength and will and a strong faith in God above. Her biggest concern during that time was always her family but also her students. She was very passionate about her students and what she was teaching. She was also very passionate about supporting other women and families that were also fighting her horrible disease. While doing all this, he bought a lot in Millard, designed his own house, and built it on his own when he had time between jobs. Working with his hands is what Ted enjoyed. At the same time, he also enjoyed helping others. Ted belonged to the Legion Post in Millard for many years. He was involved with keeping the Legion up and running as much as he could. Ted would help design and relocate the Post to a new building to keep up with its growing demands. When Ted passed, he donated his restored panel van to be raffled off as a fundraiser for the Post. He also gave them his leisure van to be used for funerals. Before Ted passed, he had one more request. He wanted to help students in the Millard Public Schools with a scholarship to help those going into a trade, which he loved to do.
